PROJECTS

E Commerce Website (https://shubhamtyagi.ccbp.tech/)
A responsive website that lets you browse through an extensive range of products with ease.
● Built with a mobile-first approach, this website features HTML structure elements and Bootstrap components to ensure seamless navigation.
● Get a clear view of the products with product videos and a carousel displaying multiple images of offers. Technologies used: HTML, CSS, Bootstrap

Wikipedia Search Application (https://shubwikipedia.ccbp.tech/)
● Developed custom wikipedia search application where user can search and view curated results and can see detailed explanation in wikipedia by clicking on the specific result.
● Fetched search results from server asynchronously using fetch GET HTTP API call.
● When the user clicks on a particular result, its website is opened in a new tab by using the target attribute of the anchor tag in HTML

Nxt Trendz (ECommerce Clone - Amazon, Flipkart) (https://nxttrendzapps.ccbp.tech/)
Implemented Nxt Trendz application which is a clone for ECommerce applications like Amazon, Flipkart where users can login and can see list of products with search, filters, sort by, etc..
 ● Implemented Different pages and routes for Login, Products, Product details using React Router components Route, Switch, Link, props, state, lists, event handlers, form inputs.
● Authenticating and authorizing users by taking username, password and doing login POST HTTP API Call and implementing filters by sending them as query parameters to product api calls.
● Persisted user login state by keeping jwt token in local storage, Sending it in headers of further api calls to authorize the user. Technologies used: React JS, JS, CSS, Bootstrap, Routing, REST API Calls, Local Storage, JWT Token, Authorization, Authentication

WORK EXPERIENCE

● **Full Stack Development Trainee with MERN Specialization**   Mar 2022 - Ongoing

NxtWave Disruptive Technologies - Hyderabad
 ● Built several impressive Static, Dynamic and Responsive Website using JS, React and Express
 ● Solved several problems using Python covering concepts like Functions and Recursion, Strings, Lists, Dictionaries, Sets and Tuples

● **Task us (Team Mate)**   Mar 2022 – Ongoing

Content Moderation   Indore, India
 ● As a content moderator for the Meta Electoral Wing, I have successfully managed and moderated online content related to elections and political campaigns
